Toolkits

AIMTools
Advanced Imaging Mobile Toolkit

Barcode Xpress
Barcode SDK for 1D and 2D barcode recognition and creation

Barcode Xpress Mobile
Mobile barcode SDK

FormFix
Structured forms processing and OMR SDK

FormSuite
Forms processing SDK–zonal OCR, ICR, OMR, and invoice processing

ImageGear
Multi-platform document, medical, and photo imaging SDK

ImagXpress
Speed-optimized document and photo imaging SDK

ISIS Xpress
High-speed ISIS scanning SDK

OCR Xpress
Text recognition and extraction sdk

PDF Xpress
High-level PDF and PDF/A SDK

PICTools
Image compression & editing SDK; high-performance & multi-platform

ScanFix Xpress
Superior scanned image cleanup SDK

SmartZone ICR/OCR
Text & handprint recognition SDK

Apps, Integrations, & Cloud Services

Accusoft Cloud Services
SaaS suite for web performance optimization

Barcode Scanner
Mobile Barcode Reader App for Android and iOS

PICVideo M-JPEG Codec
Video Codec for Windows

Prizm ActiveX Viewer
Browser Plug-in

Prizm Content Connect
HTML5 Document Viewer

Prizm Content Connect for SharePoint
View and collaborate on all major file formats with this quickly installed SharePoint integration.
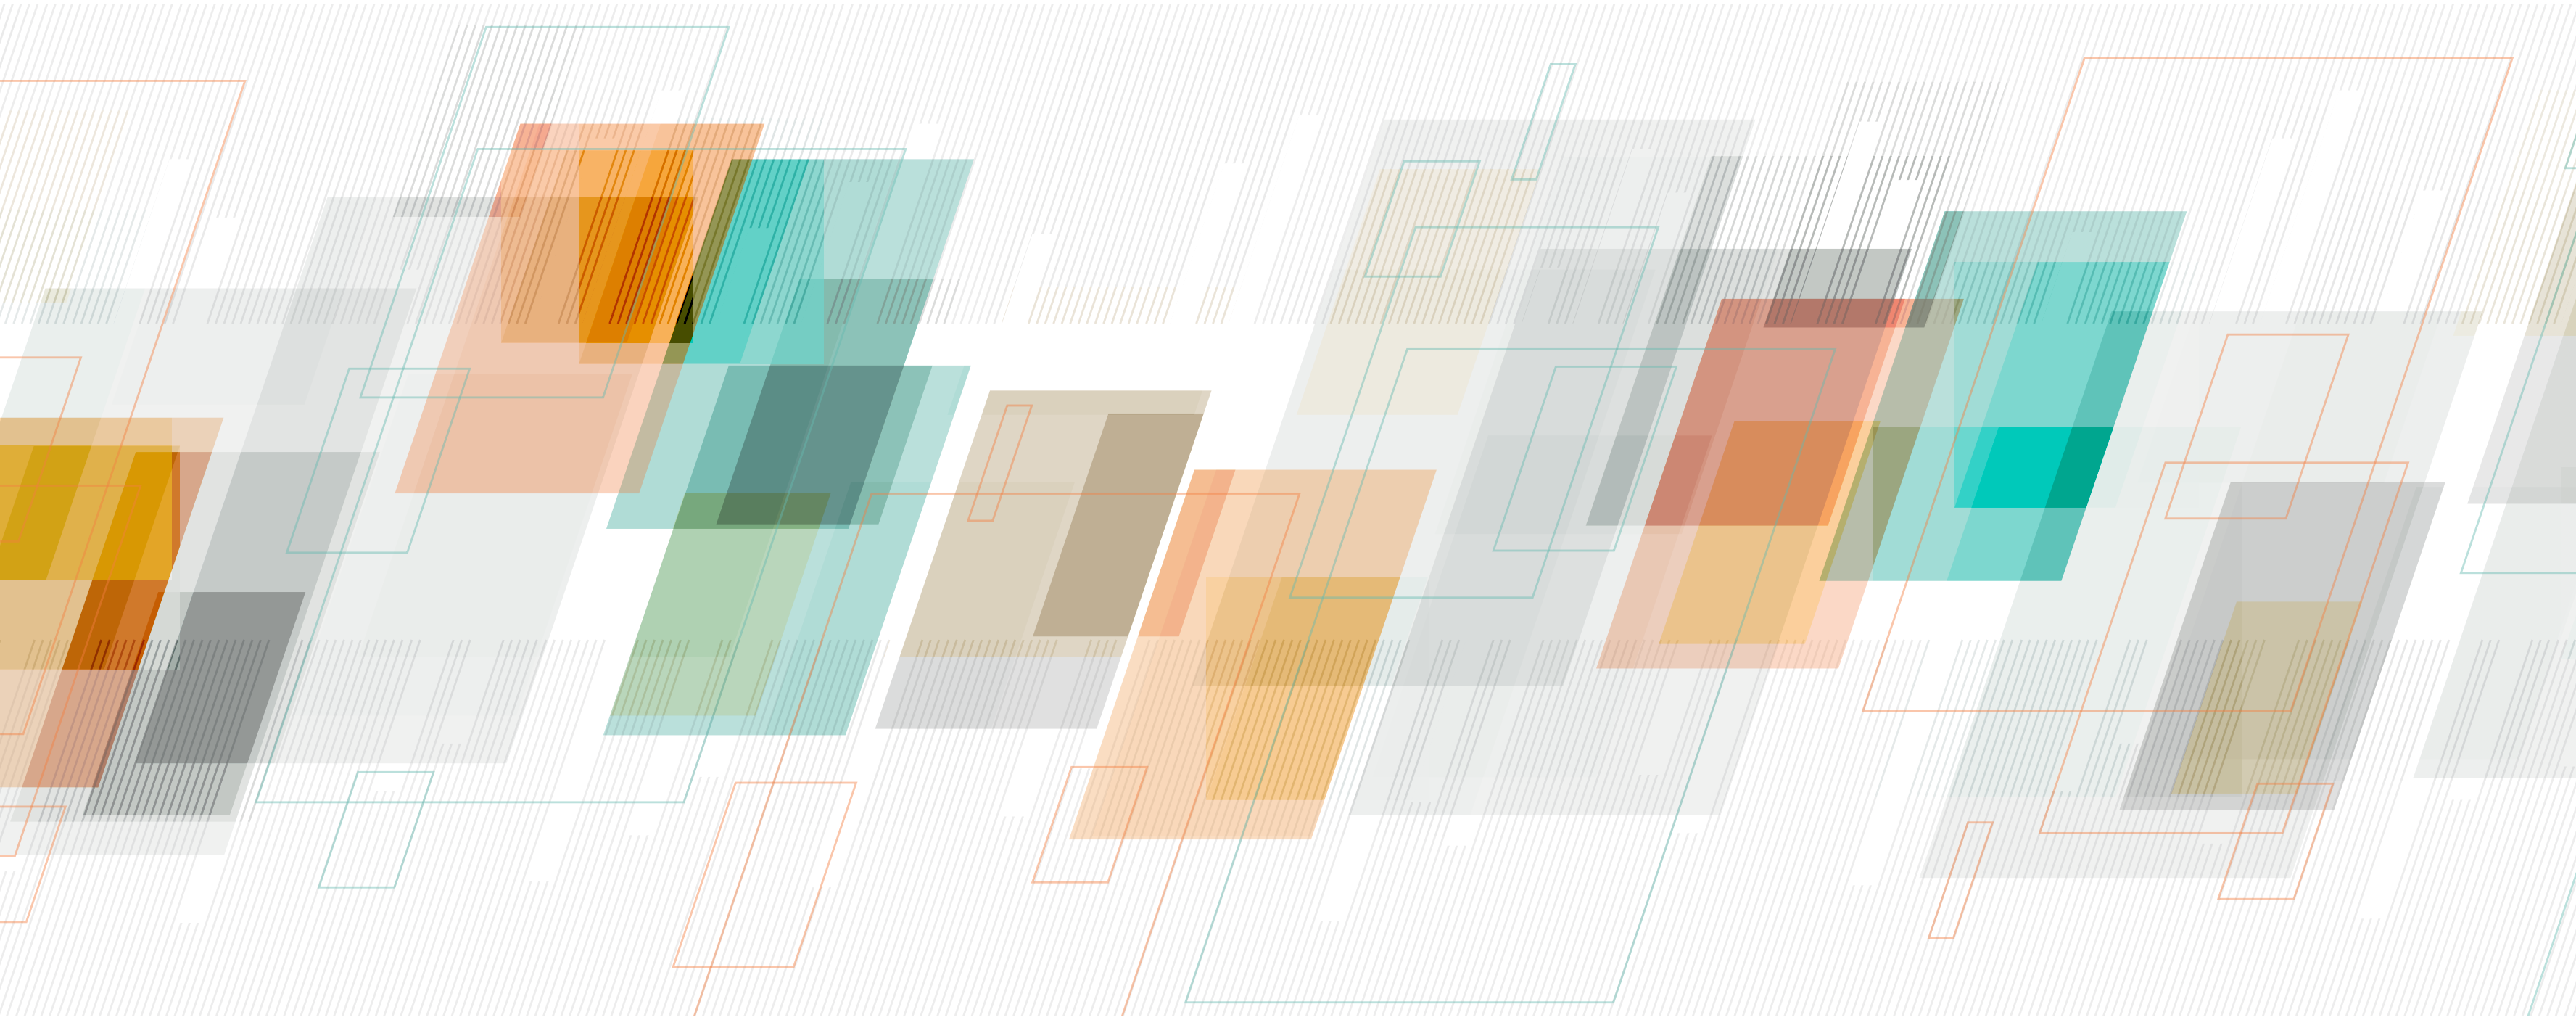

Prizm Share
Show and share any file, on any device, with anyone. And show it with style!

Cram
Store 3X the Hi-Res Photos on Your Device

The full spectrum of Document, Content & Imaging Solutions

Solid products backed by the best, most reliable support.

Our support team is the best in the industry, fully supporting your development from initial design through installation. For additional support, we also offer FAQs, product demos, video tutorials, white papers, and complete online help files.

I Need A Solution For:

I Need It As A:

Viewing Technology

For on-premise, in the Cloud, or in your ECM, Accusoft supplies the fastest, highest-fidelity document, image and video viewing technology for your application, website or mobile app. Show any document or image file type on any device, desktop or mobile, with no players, plugins or apps on the client.

- **Cloud Service**
  - ☐ Accusoft Cloud Services
- **Apps & Integrations**
  - ☐ Prizm ActiveX Viewer
  - ☐ PICVideo
  - ☐ Accusoft Cloud Services
  - ☐ Prizm Content Connect
  - ☐ Prizm Content Connect for SharePoint
- **Developer Toolkit**
  - ☐ ImagXpress
  - ☐ ImageGear
  - ☐ PICTools
  - ☐ AIMTools
  - ☐ PICVideo M-JPEG Codec
  - ☐ PICTools Medical

Image Creation & Compression

Accusoft's patented algorithms deliver maximum file compression/decompression with little to no image degradation, and with unparalleled speed. Add image editing and enhancement, scanning, compression and more to your applications. Enable medical imaging applications on desktop or mobile. Create PDFs with minimal sizes thanks to industry-leading compression.

  - ☐ FormSuite for Invoices
  - ☐ FormSuite for Structured Forms

Accusoft Offers Medical DICOM Support

With full support for the DICOM format, and access to the DICOM dataset, Accusoft medical imaging SDKs have been leveraged for more than a decade to help build world-class healthcare applications.

Go to accusoft.com to download free, full-featured trials and access first-class support from our in-house team.

accusoft®

With Accusoft client-server applications, mobile apps, cloud services and software development kits (SDKs) you can:
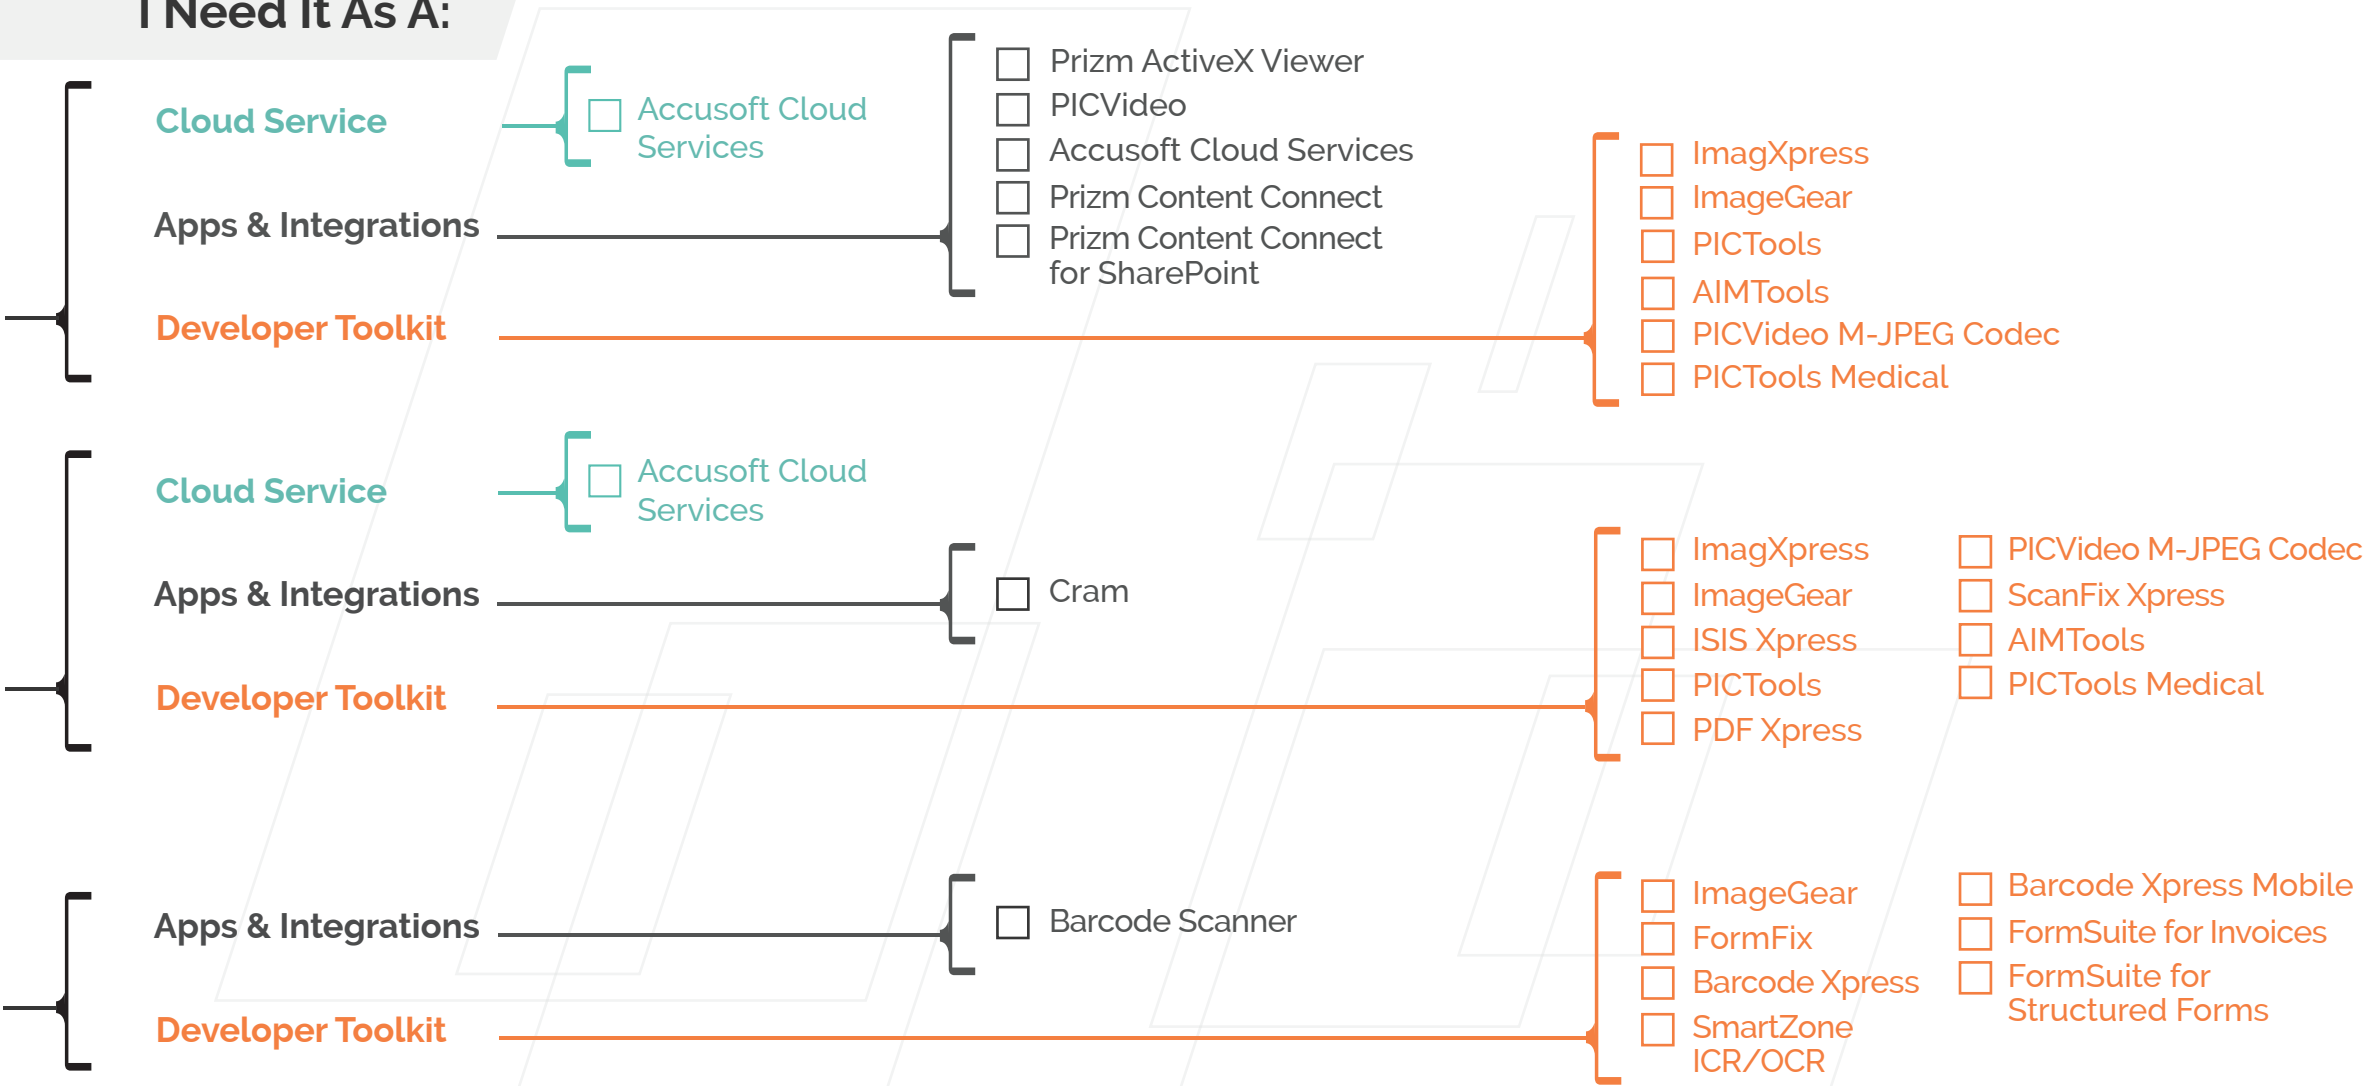

- Control TWAIN & ISIS Scanners
- Convert & Compress Multi-page Documents
- Full-page & Zonal OCR, ICR, & MICR
- Cleanup Bitonal & Color Images
- Create & Recognize Barcodes
- View & Annotate Documents
- Identify, Align & Dropout Forms

Accusoft HTML5 Viewer Technology

Prizm Content Connect is an HTML5 document viewer for secure collaboration on virtually any type of document, image or message file within a browser or mobile app, with no plugins or players required on client devices. Fast, customizable and easy to integrate, it is the viewing component of choice for document preview, eDiscovery, records management and other applications.
